Glad to hear it. Harold and I met with Thomas Webber from LGT Liechtenstein some years ago and he was kind of suspicious of madoff. Have continued my relationship with Stefan muehlmann who sent one of his guys to our presentation in zurich. He was the guy who asked what we did with our transparency if we found something we didn't like funnily enough.

Nice note from FC on LGT's complements of our services and the semi-annual Sentry letter.

They have invested \$20mm into Sentry past 6 months or so,

I will follow up to see if we can expand into Lichtenstein.

Subject: Feedback from LGT

LFC distributed the recent Fairfield Sentry semi-annual update to our distributors. We also circulate the usual updates (weekly and monthly NAVs, tear sheets, monthly strategy reviews, subscription and redemption deadlines etc) for the Fairfield Funds.

LGT Bank in Liechtenstein has commented on the professionalism of the FGG updates and the commitment to client support. They are comforted by the regular dissemination of information on the funds. The semi-annual update and quarterly letters, for instance, are product support that they do not see from other managers like Permal. They are looking to get more of their clients into Fairfield funds, and Fairfield Sentry in particular.
